3. Connect via Bluetooth

a. First time pairing: long press the power button for about 5 seconds to turn on the headset, it will prompt "Power ON music tones". Then it will enable "Pairing Mode", prompt "Pairing Mode music tones", LED indicator light will rapidly alternate flashes with green and blue colors. Please turn on the smart device's Bluetooth searching function and select the device "CRYSTAL AUDIO BT-02" (no password is required) and after successful pairing, it will prompt "Connected music tones", LED indicator light will stay blue.

b. Pairing with a new device: turn off the paired smart device's Bluetooth function. The headset will prompt "Disconnected music tones" and enable "Pairing Mode". The headset will prompt "Paring Mode music tones" and LED indicator light will rapidly alternate flashes with green and blue colors. Please turn on the other smart device's Bluetooth searching function and select the device "CRYSTAL AUDIO BT-02" to connect. After successful pairing, the headset will prompt "Connected music tones", LED indicator light will stay blue.

c. Follow-up pairing: the headset automatically connects to the last paired device after boot.

d. Turn off the headset to save power while not in use.

When the headset is not in use, you can turn it off in order to preserve battery life.
As soon as you turn it on, the headset will connect to the last paired device automatically, in order for you not to miss any of your incoming calls.
The headset will be automatically turned off if it is not connected to a device within 3 minutes.
