Audio cable
3.5mm minijack

Charge it

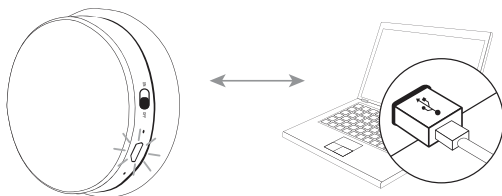

- Use the micro USB cable which is **included** in the package of the headphones.

- **A different micro USB cable might not be able to charge** correctly (or even not at all) the battery of the headphones.

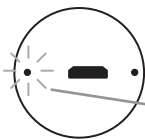

Connect:

- the **micro USB plug** into the headphone's USB port.
- the **USB plug** into any compatible USB device.

red

blue

- While battery is **charging** the indication light is red.
- When battery has been **fully charged** the light turns blue.

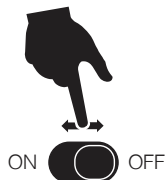

A full charge of the battery takes approx. **2.5 hours**

The headphones are automatically deactivated during charging process.

Connect it

1

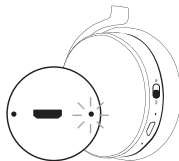

- Push the On/Off button to the left or to the right to **activate** (or deactivate) the headphones.

- Once turned on, the headphones enter automatically into **Pairing mode**

2

- The indication light flashes **red-blue, alternately**.

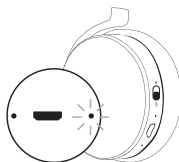

3

- **Activate** Bluetooth mode on your BT device.
- **Search** for available devices and select **CRYSTAL AUDIO STUDIO1**.

4

- The indication light turns **permanently blue**.
- Connection is successful.

5

- Push the **ANC button** (located on the left ear-cup) to the left or to the right to **enable/disable** Active Noise Cancelling mode.

- Please turn the headphones off when not in use in order to preserve battery life.
- The headphones will connect to the last paired device automatically as soon as you turn them on.
- The headphones will be automatically turned off if they are not connected to a device within 3 minutes.
